

## GALACTIC SPIN: A stellar new game

**Galactic Spin** brings up excitement with three different games that take place after the bets are closed: **Star numbers (Multipliers)** - There can be up to seven Star numbers in each game and the multipliers can be as high as 900. **Free spin** - a lucky player may find out that they have received up to five free spins! **Galactic Jackpot** - A three-level Galactic Jackpot, contributing to an additional win.

## LUCKY NUMBER JACKPOT

An integrated multilevel **progressive jackpot** system enables casino operators to further increase their revenue, making the roulette game even more attractive with high potential wins. **The Multilevel Progressive Jackpot** can be set up (configured) as side bet.

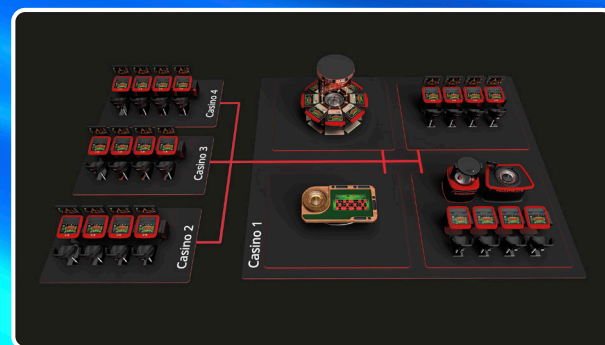

## HOTSPOT ROULETTE

**Hotspot Roulette** is an extremely exciting bet-multiplier feature. After bets are closed, random numbers are selected where players can win up to 900 times their bet!

## REMOTE GAMING

**Remote gaming** is the future of hybrid gaming! It enables land-based casino operators to optimize their casino floor by connecting automated and live games to different areas within the casino or to other venues.

## TOURNAMENT

**Tournament mode** is a very useful/powerful marketing tool for casino promotions. On tournaments hours, with a proper marketing approach, the number of casinos guest increase. Additional tool for attract players on machines. Tournament is a competition involving multiple gaming machines (players).

## ROULETTE - The ultimate queen of Casino Gaming

The essence of the Roulette game is easy: the spin of the roulette wheel, the flick of the ball and the rush to place bets.

That's why so many players love a good game of roulette and that's also why Spectra Roulette is bound to succeed on any casino floor.

Spectra Electronic Roulette comes as Automated, Virtual/Video or Live and with different available game features.

Enhanced gaming experience with the wheel design in a super durable light grey composite material version with integrated LED lighting.

Increase the visibility and attractiveness of the game by showing hotspot numbers, jackpot amount, and jackpot winning animation on a topper and a LED sign on top of the Electronic Roulette.

## BACCARAT

For those days that you feel like playing in style. You just need to choose the winning hand, place your bets and the dealer will take care of the rest. Spectra Baccarat supports Live and Virtual gaming technologies all focused on player's comfort and longer gaming sessions.

## BLACKJACK

The play is thrilling, the rules are clear, and the players love it. It's that simple. Especially if the blackjack game experience is as close to live as possible. An attractive virtual dealer on the big screen will have players hooked with an adrenaline rush to play which all means longer blackjack gaming sessions and higher revenues for the operators.

## SIC BO

Place your bets and roll your dice! That's all you need for an exciting play. Dragons Jackpot and Multiplier Wins increases the overall excitement, boosts the adrenaline rush, and deepens the feeling of suspense, making it easier for the player to stay hooked.

## CRAPS

Automated Craps integrates a proprietary solution, which ensures a smooth operation, preventing the dices being placed on top of each other or over the border. We have also added a visual and audio emphasis to accentuate the adrenalin and the excitement while the dices are shaking.
